Dear Mr Harrison,

## **London Stansted Airport – direct long haul routes**

As a company that is based in <the region> close to London Stansted Airport, we would be very keen to see the airport develop its network of long haul services.

Our company, <a href="company name"><a href="

The proximity of Stansted Airport to our offices/factories means that it would be an attractive entry/exit for employees and customers, if more scheduled services to hub destinations were available. We use Stansted where possible, but the lack of available links to hubs which provide flights to our key destinations means that other London airports are often used instead.

We would be very supportive of new long haul air services from Stansted Airport, in particular to the destinations listed above, or indeed to another hub airport that could offer improved international connectivity and help my business to compete in the global marketplace. It would also go a long way to helping our company operate more efficiently in terms of employee and customer travel.

Yours sincerely

Name Title Company
